

myhard-hittingstory

During a preseason scrimmage against Ashley Ridge, the Cougar Football team got a taste of victory. For the first game against Woodland, the Cougars were extremely close to pulling in the first win in nearly four years. The following game against Goose Creek had similar results, but that would be the last of an age. The following week, the Cougars played on Thursday Night Lights against the Wando Warriors. It was apparent on what the results would be. A 'Cougar Win' was the highlight of the night. As the student section rushed the field, players fell to their knees as the astonishment of being apart of such an enormous night hit them full force. After speaking with many players, it was obvious the win against Wando was a favorite of memory of the year. Although the 'Wando Win' was a big one, it was not the only one. Later on, the Cougars showed the crowd at Cane Bay what we are made of, with an away victory. The season was filled with firsts that will leave lasting memories for the school and the team. Progress is an imminent force.

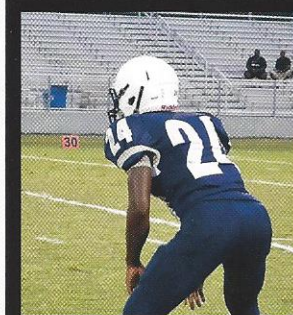

3 Seniors Kelson Crosby, 5, Ramon Hall, 17, and junior Shamar Simmons, 42, enter the field to show the crowd and their peers who they are and what they are made of.

4 Following the win against Wando, with friends, family and spectators listening on, Coach Collins speaks with the team about how proud he is of their victory.

5 Sophomore Diquan Crosby, 21, brings home a touchdown for the team. This touchdown was one of over 30 the team scored as a whole!
