

"My favorite thing about tennis is the way we have grown as a team. We're like a big family." - Senior Victoria Sineath

girls' tennis

This year's tennis team started off incredibly strong. With their skills rising, the team brought in big wins. Tennis may be a one-on-one sport, but behind it all there was a very supportive team helping and cheering each other on throughout the game. The members of the girls' tennis team worked their hardest to make it a loving team! During the season, the team had their heads in the game and their eyes on the ball. It's more than just a tennis team; these girls are like family. Success truly brought these athletes together. With this year's group, the girls made it to the playoffs for the first time in Colleton County High School history! The standards were raised for the upcoming season.

Junior Megan Mitchell has her eye on the ball and looks as if she is ready to slice the ball back over the net. Megan mentioned that tennis helped her tell her story, and it was a way for her to have fun. "This year has been the best season so far throughout my high school years. I'm proud of my girls!"

Junior Taleyah Washington has her head in the game and looks focused. What Taleyah liked most about this tennis team was "race doesn't matter." She said, "our team has really improved; we made playoffs this year thanks to more practice and a lot of hard work."
