

"Coaching soccer is made worthwhile when the girls accomplish goals that we set prior to the start of the season." -Coach Lauren Townsend

girls varsity soccer

Each member of the girls' varsity soccer team had a different reason for joining the troupe. Some of the girls decided to join the soccer team because they have been playing for many years while others were more influenced by family members. The story of each of these girls brought a diverse atmosphere to the team. Each of the girls were key components who turned their season into a successful story. Sweat and tears did not slow these hardworking girls down. Although the Lady Cougars didn't win every game, the pride that each of these girls had was shown throughout the season. Each player gave their all and worked together this season to gain "small victories". All of the girls' stories added together made for a terrific ending to this marvelous story.

Senior Olivia Heath #24 positions herself in front of an oncoming ball. "Soccer is something that I love and enjoy. I couldn't see my life without it." Olivia has been playing soccer since she was a little girl.

Senior Halle West #26 punts the ball back in play for her team. Halle plays soccer because she, "enjoys playing the sport and being able to help her team throughout the season". This was the first year that she played as the high school's official goalie, but she had experience playing the position through club ball.
