

"Being my first year on varsity, this season has been better than the others." -Junior Tia Chisolm #8

Softball is more than a sport to the girls on the Lady Cougars team. For them, it is a chance to write their story. This season they have written a tale of hard work and dedication. With Amber Gantt taking over as Varsity Head Coach, the team had to adjust to the new coaching style. Despite that, these girls put forth their best effort in every practice and game. Their hard work and dedication paid off when the Lady Cougars scored their first win before the season even started, taking first place for Division IV during the Bishop Blast Preseason High School Tournament. With that victory under their belts, the team went on to easily defeat West Ashley, Battery Creek, and Hilton Head back to back. The story written by the Lady Cougars ends with several victories and an incredible season for them.

Junior Teagan Crosby #11 waits for the pitcher to throw the ball so that she may head to second base. "Getting a hit and getting to go to base" was her favorite thing in softball, so Teagan strived to make it to all four bases.

Sophomore Skylar Chambers #2 made her way to first base, and patiently waits for the next big hit to make it to second. Skylar's favorite thing about playing for the Lady Cougars was "the support system" that the team has. Each lady is cheered on no matter what happens during the game.
