

"I like playing baseball because it's fun and gives me something to do." - Freshman Parker Seabrook #6

The diamond is where it all started. Baseball has given the Junior Varsity Baseball team the chance to write their story. Baseball isn't just a sport to these players, baseball tells who they are. It has helped them build lifelong friendships and memories. Win or lose the team sticks together no matter what. Each teammate never gave up and played with all their hearts. These players are not only a team, they are a family. On and off the field the team was successful. During every game each player learned something new about baseball. They showed dedication and the willingness to work hard and achieve their goals. Every player has improved since last season and will continue to improve. The Junior Varsity Baseball team proved themselves successful while showing their Cougar Pride throughout the 2014 season.
