

Hannah Louise Roch

Hannah, you've always been determined at everything you have ever tried. I am so proud of you for how you have always put your education above anything else in your life, and have set your sights high in your life and your future. You have come a long way in the last few years, and have adapted so well, with little complaint, and those are the attributes that will carry you far in this life. Keep smiling, and keep that positive outlook on your future. I know you'll make me proud as always, xxx.

Hannah- you may be far away, but you are always close to my heart. From a young age, your beaming smile, your infectious laughter and your warm heart filled me with joy. Now you are grown up and doing so well in your education. You have become a beautiful young woman who makes me proud to say you are my daughter. Enjoy the journey of life, never miss an opportunity, live life to the full and enjoy each day as if it were your last. You can achieve anything you put your heart and mind to. You are very special.

I love you,
Dad xxx
