

Junior Trey Murray lays a new level of bricks, "my favorite thing about masonry is learning how to lay bricks, which helps me with my artistic ability."

Junior Kimberley Walters measures out a precise teaspoon of lemon juice. She took Ms. Pitts class because she, "likes to cook and make people happy when I cook."

Junior Dustin Layfield drives the tractor to practice the skills he may need to have in the work place. According to him, "forestry teaches me how to work on machines, which gives me experience to take out of class."

Mr. Kubik instructs Dalton on how to do a blueprint sketch. Junior Dalton Wyman said, "never underestimate the weak."

Senior Danielle Grooms waits patiently for Mr. Finnocchiario to grade the beginning of her chimney. She enrolled in the masonry class because she, "would like to follow in my family's footsteps with construction."
