

# Red Cross Youth

Red Cross Youth teaches young adults the importance of donating blood, responsibility, and gives them a chance to help serve the community and give back.

Directed by Mrs. Frank, the Red Cross Youth hosts blood drives and fundraisers each year to help support the community and organization. This year, the students at CCHS helped gained over 56 pints of blood which means over 100 people signed up to donate blood at the blood drive! Red Cross Youth Director Ms. Frank said, "my goal for the students is to learn the importance of working together and giving back to the community. When working together and giving back, you can accomplish a lot."

Members of Red Cross Youth work together to benefit both the local community and people everywhere when they organize the blood drives.
