## COLORGUARD

The purpose of colorguard is to use the music that the band is playing and synchronize work of flag, rifle, and dance. The colorguard of The Band of Blue uses different themes each year in coordination with the music. Long, hard practice hours pay off when they showcase their skills at games, competitions, and special events. This team always made sure they were prepared to perform. They enjoyed every performance and give it their all each time they are in the spotlight. These young entertainers were truly the COLOR in The Band of Blue!
