

HOSA

HOSA—short for Health Occupations Students of America—is a

student-led organization that gives members insight into the healthcare field, while also teaching them leadership skills. This organization is non-profit, although HOSA raises money for various medical causes, including: Breast Cancer Awareness, Leukemia and Lymphoma, and the March of Dimes. To join HOSA, CCHS students must first be a healthcare student in any healthcare class of either the fall or spring semester. In addition, applicants must have at least a 2.5 GPA to be in any of the health care classes. Finally, after satisfying these requirements, members must pay a twenty-dollar fee and attend the group's meetings.

"From simple scrapes to failing hearts, HOSA is where the healing starts."

CAREGIVERS //

"Why did you decide to join HOSA?"

KENNY JOHNSON //

Sophomore Kenny Johnson: "I wanted to go into the medical field, and I decided that it would be a great opportunity because I get exposed to a lot of cool things, especially competitions we have, but also get to learn about all this medical terminology and apply them into different tests, it just improves my knowledge about medicine."

HANNAH SEGURA //

Senior Hannah Segura replied " I learned that HOSA promotes educational opportunities and gives members insight on different health groups, and I want to be a Neonatal Nurse, so it was perfect for me."
