

# VARSITY BOYS BASKETBALL

This year, the Male Cougar Varsity Basketball team played with every ounce of skill they possessed. With Coach Maurice Simmons teaching the team new tactics along the way, the Cougar Basketball team was definitely able to leave an impression. Their use of teamwork and dedication helped them to put up a good fight every game. Their best game was with Estill with a score of 69-50.

Senior Damien Petote says that if he had to give any advice to the underclassmen on his team, it would be to "get your work done."

Senior Karl Levine says that if he had any advice to give underclassmen on his team, it would be to "work hard, and to not take things for granted."

Senior Trey Murray says that the best advice he's been given was to "always keep his head up and keep fighting."
