

JV SOFTBALL

After days and days of long and hard practice, this team of 12 dedicated girls, coached by Adams and Robertson, were determined to put on a good season for their fans. This season, the Junior Varsity Lady Cougars, with the mindset to dominate, played seventeen different games against surrounding schools. Through all the pain and sweat, the girls manage to keep up their academic scores in order to stay a part of the team. They never give up on their teammates and they always do their best to achieve their goals.
