

VARSITY SOCCER

The Varsity Boys Soccer team shows off their excitement on the journey they have had this season, while much more excitement is soon to come next season.

Rules: #1 If it moves, kick it.
#2 If it doesn't move, kick it until it moves.

To be straight forward, the Varsity Boys Soccer team always score. They're filled with enthusiasm and strength. The quote, "You can't choose your family just like you can't choose your team" is true for these young men. Just like family, they disagree on somethings, but they all love each other and wouldn't trade their experiences on the field for anything. Winners in life don't always win; they just don't give up. With that in mind, this season the boys soccer team has made it further than any other year.

Go Cougars!

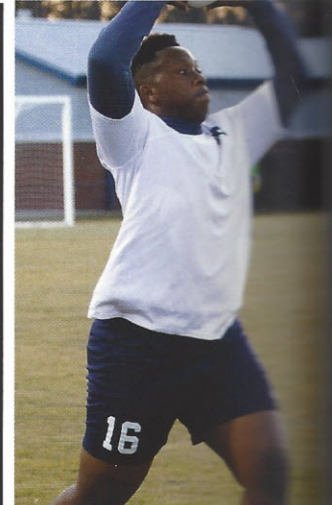

Junior, Corey Bowman (# 1) is the goalie for the team. He stays on the tips of his toes trying to fill up the goal space and never let their opponents make a goal. Corey explains, "I've been playing since I was 2, Soccer helps me clear my mind when I'm stressed."

Seniors Garret Tyler (# 4) and Jared Hazard (# 18), and Junior Caleb Grinberg (# 5) watch in awe as their teammate, Junior Gregory Wilson (# 16), stops the other team from scoring and recovers the soccer ball to his team's possession.

Left: Junior Lance Calcutt (# 6) always pushes himself to put in more effort, even after scoring a goal for the Cougars.

Right: Junior Gregory Wilson (# 16) shows his strength as he throws the ball into play far down the field. He says "in order to be great, you have to help your teammates."
