

Youth Leadership

2018/2019 YOUTH LEADERSHIP ACTORS:

Leadership is a course by Mrs. Rebecca Williams that helps encourage students to step up and be leaders as well as build their teamwork skills. Youth Leadership students have an association with Student Council while participating to organizations like the canned food and book drive. Students in Youth Leadership get to be involved in different school events that give them a positive outlook on life. They are also involved with Spirit Week, fundraisers for different organizations. In her leadership classes, her leadership classes, and as Student Council sponsorship, Mrs. Goodwin has touched the lives of many students and future community members through her dedication to Colleton County.
