

JV Volleyball

The Lady Cougars worked hard this season. They became great teammates and trusting friends. Trust is a key factor of the team players. They know that they can trust their teammates working hard and being in the game when it comes down to playing. Encouragement also helps because it shows great sportsmanship and boosts their energy levels to play and win successfully. The Junior Varsity Lady Cougars still work hard and progress. We look forward in seeing them on the varsity team! "I really enjoyed my teammates even when we had a bad game or someone had an attitude at the end of the day. Once we stepped on the court, we set aside all of our differences and we become one."

—Kaitlyn Encalade
