

The 2018-2019 Cheer Squad has accomplished so much this season. They have put in the hard work and it showed on the field and the court. They were able to have fun while they put on a professional face for the crowds. By hyping up our stands they caused our players to put in the necessary work to win. Our seniors have played their last season, and although we hate to see them go, we wish them the best.

**FUN ON SET!**

Not only have these girls learned something from their coach but they returned the favor. "I feel like I learn something everyday with this group of girls, but the biggest thing is to enjoy the journey. We spend so much time in preparation for things, and sometimes we need to take some time for ourselves and have some fun as a team." Coming back after her first year was easy for Coach Meagan Driggers. She said, "CCHS has a lot of talented athletes, and I am really happy to have found a home here."

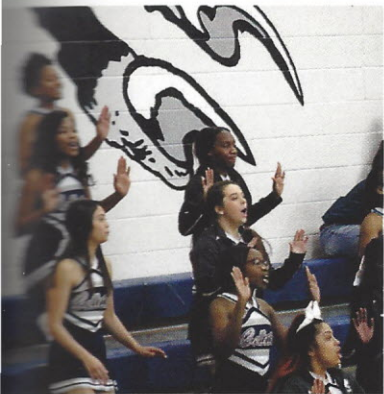

**SMILE FOR THE CAMERA!**

Senior Brianna Sauls captures everyone's attention with her award winning smile. She says goodbye to CCHS and good luck to the Cheer Squad.

**SAM CHEESE**

These girls cheer together and are always ready to smile for the camera together.

**POSE FOR THE CAMERA!**

Senior Kasheyonna Davis finishes out her CCHS cheer career. She has learned so much from her fellow cheerleaders and will carry that with her. Her time here was full of laughter and memories she'll hold close long after her time here.
