

JV Boys Basketball

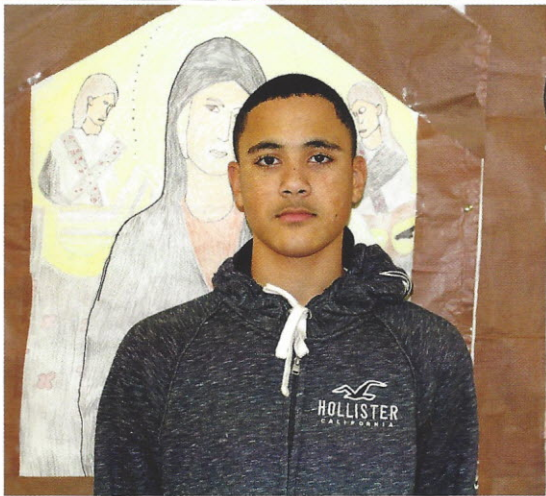

NEW YEAR WITH A NEW TEAM

Basketball is a sport that requires a person to be able to work with others as a team. These boys get on the court with a mindset to win and win as a team. They need to be able to believe in themselves so their teammates can count on them. No matter what's on the score board this team was able to work hard every game and that showed. They pick each other up on and off the court. Each player displays sportsmanship and the ability to communicate with one another. They consider themselves a family even after basketball season is over.
