

The JV Girls Basketball Team has come a very long way this year. The reason the previous season wasn't done so well was because there wasn't a bond between players. This year, every thing has changed around. They're playing as one whole. They play unselfish, they play together, and play hard will equal you to a good and winning team. All the girls continue to make good grades in their classes. Come to practice on time and get on the court like it's time for the game. Coach Brandy Brown says, "I like the way my girls are playing this year and giving these games there all." These girls come on the court with a whole lot of energy and are ready for the ball game. JV Girls have played some tough teams and some close games, but they continued to push through and play their hardest.

WORK FOR WHAT YOU WANT

CLOSE UP!

Sophomore Zora Jamison said, "the game of basketball is a game that has so much more meaning to it when it's played by a team. People get to come together with a mind set of winning the basketball game, and come together and have fun. Something most people don't get to do anywhere else."

SHOCKING NEWS

Sophomore Shardaja Adams looks to the quote, "Hard work beats talent when talent fails to work hard," when games look rough.

SAM CHEESE

Sophomore Jameria Johnson says, "Coach Brandy always told me that to be a great leader then you have to put the hard work in."
