

Coach Brian Reid said, "I greatly enjoyed coming back and coaching this team. We faced a lot of challenges this past season, and I was proud of how well the team stepped up to meet the challenges head on." Our Lady Cougars had a great season, they owned the field and put their hearts in the game, and if they come back next season with even more energy, our team will be even better. Every season has its challenges, but they can be overcome with enough hardwork and dedication.

### READY TO BLOCK

Our Varsity Soccer Girls are relentless. When push comes to shove, these girls are ready to work. No matter how rocky the game, our players work hard on defense. They're determined to keep that ball in their possession and stop the other team from scoring.

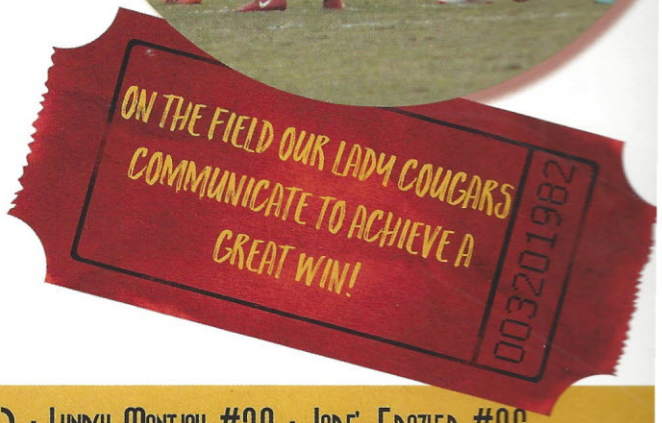

### KEEP YOUR HEAD IN THE GAME

Senior Cameryn Coursen (#21) said, "Soccer has taught me how to use teamwork and sportsmanship on and off the field."

### CROSS OVER

(L) Junior Heather Dowd (#11) and (R) Freshman Sierra Obenaus (#28) both display amazing ball control as they run down field.
