

Varsity Softball

HARD WORK PAYS OFF IN THE LONG RUN

PERFECT HEADSHOT

"I have been a CCHS varsity pitcher since 7th grade. I like playing this position to be the leader of my team, because my team depends on me to do my very best each game. this is something to look forward to and it's just something I love to do" says #16 Sophomore Whitley Weathers.

The Varsity Cougar Softball team is coached by Tavera Edwards. These 12 girls have come together to be the Region Camps. This team sticks together and gets the job done. They practice hard and improve themselves to get better. Before every game, they get hyped up by digging their cleats into the dirt. Each player brings something to the team, even their personalities. Every one of them has to keep their head in the game if they want to win as a team. This team is a whole big family that helps each other on and off the field. One thing they always keep on the field is a positive attitude.

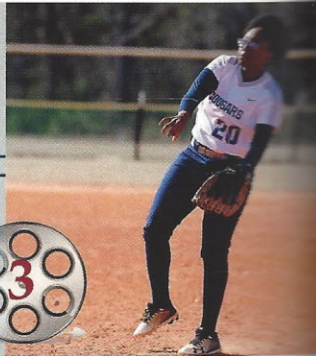

POSITIVE AND PASSIONATE

Sophomore Hannah Robertson, #11, loves the game and will continue her love for softball outside of school. #11

THROW IT HOME

Sophomore Shamorie Overton, #20, says, "I handle pressure pretty well by the support of my teammates."

INTO THE GLOVE

"We win as a team and we lose as a team my coach always told me that! And as you play the game is going to get hard and difficult. You might want to quite but you will always get that extra love and support from your teammates to push you harder. Success isn't given it's earned."
