First Day Assembly

SUCCESS BY CHOICE, NOT BY CHANCE

AUGUST 20, 2018

HEY COUGARS!

1 The class of 2019 were welcomed into the Performing Arts Center for a special speech given by the new principal, Mr. Cannon. Senior Kendall Bell and junior Megan Dewitt smiled in the camera as they were trying to find a good seat.

MAY I HAVE YOUR AUTOGRAPH?

2 While the seniors piled into the PAC, one was asked to sign the graduation gown of Colleton County High School. Seniors Britney Warren, Bryanna Jenkins, and Al Bazzler signed their names.

AWARD-WINNING SPEECH

3 Principal Cannon gave the seniors a roaring speech about making every moment count. He told the seniors to make sure they're preparing for graduation and gave them a Cougar chant to remember.

GRADUATION IN A GLIMPSE

Student Body President Lance Calcutt parades across stage in the gown signed by the Class of 2019. His enthusiasm made all the seniors eager to get the school year underway. Below right, he leads the seniors into the gym in celebration of their success at making it to this: The Beginning of the End!

SOUNDTRACK OF THE YEAR

5 The Band of Blue played uplifting music as each student walked through the doors of the gym. With every single member playing a fine tune, the music was eccentric and gave everyone a sense of happiness coming into the new school year.

ARE YOU READY???

Full of new-day enthusiasm, Principal Cannon helped everyone understand what it meant to be prepared for graduation. He explained all of the rules and regulations, but he also had students engaged and willing to make their years at CCHS the best!

BEST MOTION PICTURE

Seniors MarTasia Stephens, Laquisha Drayton, Elayejah Copeland, and Joshua Jones captures the moment by taking videos of their first day being a Senior.

A FRESH START

Every student at Colleton County High School attended the First Day Assembly. By having an amazing energy flowing throughout the gym, students were ecstatic to start the school year off right!

SPIRIT WEEK

LIGHTS...CAMERA...ACTION!!!

OCT. 29 - NOV. 2

Spirit Week at Colleton County is a scene of celebration and amusement. This is the week leading up to the homecoming football game that all students and staff look forward to. Everyone is able to show off their school pride by participating in the various activities held throughout the week and dress for different themes each day. This year, students and staff paraded their patriotism on 'Murica Monday. On Tuesday, the students and staff strutted in their futuristic and throwback attire in the face off of Retro vs. Techno. Wednesday was Fairytale vs. Festival. Students and staff wore extravagant festival apparel and dressed up as their favorite fairy tale characters. On Thursday, students were dressed for the wilderness, inspired by the movie Jumanji. On Friday, everyone expressed their school pride in their best Cougar spirit attire.

Spirit Week was again a five-day, red-carpet affair!

Homecoming

LIGHTS...CAMERA...ACTION!!!

OCT. 29-NOV. 2

Homecoming week was full of laughter, excitement, and a lot of friendly competition! School spirit roared through the halls with CCHS students as the lead stars. The thrilling pep rally got everyone pumped for the biggest football game of the year! The class of 2019 were ecstatic to win the Spirit Stick because it shows that they have the most school spirit in the entirety of Colleton County High School. The Homecoming court was mesmerizing with their beautiful smiles to match their attire. It was a stunning show under the direction of StuCo and the student body.

LET'S GET THIS BREAD!!

MARCH 29, 2019

FEAST YOUR EYES ON THIS!

It was a **FABULOUS FRIDAY, HERE IN COURGARVILLE!**

Seniors stayed under tents and ate as much as possible. Today was a day when the seniors didn't have to worry about their classes and could focus on having fun.

GOOD FOOD IS GOOD MOOD

Principal Cannon enjoys his first tail at CCHS by chowing down on so delicious food and hanging out with other s members. He also got into the school spirit getting his face painted by a student!

Art

CREATING CREATIVITY INTO REALITY

Art is a way to express yourself, be creative and show others your talent. At Colleton County High School there are a variety of classes that students can take to explore the depths of their abilities: the basic first year class, 3D art, and photography. The art department is led by Mrs. Sally Davis, Mrs. Langston, and Ms. Floudgate. They teach students how to show their talent by creating different projects so they can find out what they are good at. As a way to let them show what they can do, they are left alone to work on the projects, but they can still ask questions if they really need it.

CREATING CLAY BUILDINGS

Mrs. Davis' 3D art and photography students working on their projects. The students first made a cardboard model of their building, making sure that all of the details are correct. They then started creating their buildings using clay. "The clay was stressful because I thought it would collapse, but it did not. I learned how to score and slip to make the pieces glue together." -Addisyn Fee

Spanish is a hard language to master. Through educational videos, songs, and projects, students are able to learn how to have a conversation with others, how to give directions and know the difference between preterite versus imperfect verbs. Students also get to learn about the culture, food, and art of holidays. Students get to know the different kinds of foods that are made and the different ways that someone dresses on a regular day or holiday. Students also learn about the seasons that are celebrated throughout the Spanish culture. One holiday that students learned about was Dia de Los Muertos (Day of the Dead). Students cut out and colored skeletons or musicians and learned what happens throughout the day when you remember someone that is important to you.

Spanish

THE MORE YOU EXPLORE, THE MORE YOU'LL KNOW

DIA DE LOS MUERTOS

Dia de Los Muertos is a holiday that celebrates someone that has passed away in your family. It is not a holiday to mourn them, but rather to show that they will forever be in your memories. Students from the Spanish classes decorated different Day of the Dead skeletons to show the colorful beauty of the ancestors when they have been remembered.

DIA DE LOS MUERTOS ART

Mr. Rosendo hung up his students' finished drawings so that anyone who came in his classroom can see what they did for Dia de Los Muertos.

LABELING THE HUMAN BODY

Students from Mr. Aguero's class pointed out the human body using the Spanish vocabulary they learned.

Roma 2018 CCHS Band of Blue

WARRIORS TO THE END

The Colleton County High School Band of Blue scaled new heights throughout their extensive season this year. Under the direction of Mr. Tom Finigan, the Band of Blue has presented the production called, "ROMA". The show emphasized on the famous gladiators and slave uprisings that took place in the historic Roman Empire. At their first competition, held at White Knoll High School, they earned third place out of fourteen bands! With a first place achievement for the color guard and an excellent rating for the music, the Band Of Blue gained confidence for the rest of the season. On October 20th, 2018, the band received fifth place at the 4A division Lower State Championships. That placement has not been awarded in many years! As a result, they have once again qualified for the State Championships of the 2018-2019 year! Before the final competition of the season, each band member was told to practice like they were performing at an arena filled with people. Out of 16 bands around the state, the Band of Blue scored the ranking of eleventh place! Even though the members faced many challenges with weather conditions and long hours of practice, they managed to push through to victory!

Winter Guard

TOSSING HIGH HOPES FOR THE SEASON

NO GOING BACK

The beginning of the performance is initiated by the featured dancer, Senior Jada Priester. Before the show begins, she glares at the audience before she gets into her first pose. She says, "Guard is like having twenty sisters. We all fight, but at the end of the day we have each other's back."

Winter Guard is an activity where students learn to become performers through dance and spinning pieces of equipment. Under the instruction of Ms. Tracy Smith, the Collier County High School Winter Guard is reaching new standards and challenges. Even though the team has had intense practices throughout the season, their hard work, dedication, and ambition helped their performance become breathtaking. This year, the show is entitled "Finding my way home". Emphasizing on the feeling of regret and passion, the team visualized their past experiences and strived to be better performers. "Strong is always beautiful" is the instructor, Ms. Tracy Smith.

Winter Percussion

BEATING THE COMPETITION AWAY

The Colleton County Winter Percussion is an activity for students that are involved with band and wish to continue their passion for music. In this particular activity, they learn how to perform at different venues and work with instruments that are only in the percussion family. Under the direction of Mr. Gary Stroupe, the Winter Percussion dominated their competition in the season. This year, their show is entitled, "Persephone". The story of Persephone is an ancient tale told by the Greeks to explain the seasons of the year. Based on the Greek myth, the Winter Percussion portrayed the tale as a controversy between a mother and a daughter. They finished the season as champions for the Scholastic Percussion Class of the Carolina Winter Percussion Association!

FOR THE FIRST TIME

Sophomore Bradley Westbury has been a part of Winter Percussion for a total of two years. Recently, he became a member to a new and elite group called: Charles Towne Percussion. This percussion group contains members ranging from high schoolers to young adults. Their show is entitled: "Totem". Bradley plays instruments such as the marimba and xylophone to help form the front ensemble in the group.

WHY WINTER PERCUSSION?

Senior Felicity Steward says, "Winter Percussion is definitely a great experience and it is a great way to meet new people! I like that it helps me to continue performing!"

THE BEAUTY OF AN EVER-DEVELOPING MUSICAL SCORE

SPREADING CHEER

Freshmen Emma Kate Bell attended a field trip to the local nursing home to spread holiday cheer and love to the community. The choral singers were all smiles for the elderly and received a warm welcome in return.

Over the years, the CCHS chorus has brought smiles, laughter, tears, and, most of all, happiness. Not only has chorus enhanced students' vocal skills, it has also made singers more connected to music than they ever were. Chorus students wouldn't be who they are today without Director Stephanie Drawdy, in her 33rd year as the instructor at Colleton County High School. The program has improved tremendously over the years, not only by Ms. Stephanie Drawdy, but by the help of her hard working chorus members. With that being said we look forward to the next year of chorus and many more to come.

See the CCHS BluePrint Senior Edition for coverage of the spring musical.

CAROLS OF CHRISTMAS

Chorus members, directed by instructor Stephanie Drawdy, share memorable moments with on stage following an outstanding performance of their annual holiday program: "Carols for Christmas."

also attended other district schools (middle) to spark the holiday spirit. The performers and the audience were all cheers with their sweaters and beautiful smiles.

SHOWING WE CARE

Singing at the nursing home was a wonderful experience for senior Jaquain Smalls. Keep sharing those talents, CCHS Chorus!

CHRISTMAS LOVE

Senior Kendall Bell was very happy while being supported by the audience and her friend, former CCHS chorus student, Samantha Calcutt.

ALL STATE

Taking home first place at All State Chorus, senior Thomas Warren surprised the audience with several enchanting tunes. Thomas said he was very shocked when he won All State, but he eventually came to realize he deserved it just as much as any other. Congratulations Thomas and his team!

Cougar Cafe and Student Store

THE REAL WORK BEHIND THE SCENES: COFFEE & COOKIE SALES

HELPING VOLUNTEERS

These programs are another part of helping the volunteers and staff members connect with Colleton County High School more and more everyday. Without the help of the wonderful staff, the volunteers would not of been able to gain the experience of business, finance, and entrepreneurship skills they have today.

Besides offering nice treats, these are the transition services Cougar Cafe and Student Store offer to teach life skills that can carry over to real-life situations or careers that require the abilities to volunteer or help. Any student who receives special services can work towards receiving volunteer hours towards their Credential Certificate. The purpose of the Cougar Cafe and Student Store is for students to be able to perform these skills, without assistance in future jobs or a further career outside of school. The businesses supporting these partnerships are giving back to the community by teaching about their business is a primary goal. Being in control of teachers' coffee and student cookies is just a bonus for the student-workers!

TEAMWORK

The cafe and store have brought together many students to be able to work together as a team to reach a very helpful goal.

SALES

Our Cougar Cafe and Student Store can make your day wonderful by selling and making items such as: coffee, muffins, and freshly baked cookies.

MAKING IT HAPPEN

This program has brought many smiles to Colleton County and it's only right if we recognize some of the volunteers that are making the Student Store and Cougar Cafe happen: Jacob, Reuben, Tyler, Nicole, Davion, Ashley, Kadir, Noah, Ms. Miller, and Ms. Lockerman. Thank you for volunteering to make students', teachers' and staff's day better with amazing food and drinks.

"TELL ME AND I FORGET. TEACH ME AND I REMEMBER. INVOLVE ME AND I LEARN." -BENJAMIN FRANKLIN.

Teacher Cadet is a class designed to create teachers. It's set up by South Carolina to attract people to join the field of education. For students who join this class, while they don't want to become teachers, learn valuable life lessons from this class. Not only does this class help the students learn how to be an educator, it teaches them how to be a leader. With activities like going to an elementary school and seeing how the teacher works to even making their own lesson plans, these kids will know the ins and outs of running a classroom.

TRICK OF THE MIND

Optical illusions are pictures that trick the brain. The students in Ms. Williams' class created their own optical illusions using geometry. Freshmen Gavin Thurston, Kelly Leyva, Brittini Smoak, and Robert Boseman grouped together to recreate popular optical illusions.

Do you prefer hands-on activity and working with a group? Cougar New Tech is a place where students get together and learn using five basic components: knowledge, thinking, written communication, oral communication, agency, and collaboration. These components create a learning environment that isn't just made up of classmates, it's made up of family. Having get-togethers like family time, students are able to create a bond that lasts all throughout high school, and even afterwards.

TRUST, RESPECT, & RESPONSIBILITY

The Passing of the Keys is a Family Time tradition in which students honor their peers for exemplifying trust, respect, and responsibility. Clockwise from top left: Sierra Obenaus (9) passes the Responsibility Key to Kayla Dantzler (10). McKenna Beach (11) receives the Trust Key from Michelle Valdobinos (12). Peyton Taylor (9) presents Genesis Frazier (9) with the Respect Key. Ms. Pickett awards Jasmine Leyva (11) with Student of the Month from all of the CNT Facilitators.

A DAY AT THE MUSEUM!

Students were given this project where they were to act like they were opening a wing at the Charleston Museum. They were given an old civilization and were to create an artwork that depicts something important from that civilization. Left: Freshmen Palmer Thomas and Nathan Erwin present their project on ancient Rome.

Right: Sophomores Tianna Dotson, Adashia Goettee, and Emmalie Nesmith present their project on ancient Mayan civilization.

 Responsibility is when each member of CNT takes charge of their actions to complete
 what they are assigned.

GETTING THE PART

Job interviews are an important part of life. CNT students were given a chance to have a mock interview to practice what they'd say and do. These interviews help the students gain confidence in what they would say during a real job interview.

Health Careers Academy

THE FUTURE STARS OF HEALTH CARE

JUSTICE THROUGH EVIDENCE

Freshman Leah Rhodes says, "I really like HCA because it teaches us things in the medical field, and that's what I want to major in." Project-based learning in HCA reaches beyond the sciences to instruct students in all areas. Students in Ms. Vo's and Ms. Marianiello's classes present evidence in a mock trial in which they decided the fate of the individuals from the "Serial" podcast. Identifying facts to support an argument is key to a career in health science.

HCA, or the Health Careers Academy, New Tech associated program at CC. Moving forward through its second year, the program continues its exploratory academic environment for students. HCA is health careers centered, project-based, collaborative experience that focuses on math and science to build skills toward becoming a health professional. The World Tour Project of HCA is a program that helps students get an idea of traveling with their health related careers. Opportunities abound in HCA!

SHARING THE LOVE

Students in Ms. Addington's Integrated Business Apps planned and executed a Valentine's day photobooth fundraiser to support those in need in the community.

COUGAR POETRY SLAM

Students in Ms. Upchurch's and Ms. Ryan's English 3/World History class perform poems during their World Studies Open Mic Event after reading the novel, *A Long Way Gone: Memories of a Boy Soldier*.

LEARNING INSIDE OUT

Hannah Biering (10th) & Lauren Demers (10th) made discoveries about human anatomy through comparative dissection in Ms. Robinson's Anatomy and Physiology class. Students use both hands-on and virtual dissection to understand how body systems sustain life in the HCA science courses taught by Ms. Brawley and Ms. Robinson.

HCA - CNT - Health Science Connection:

The HCA is only in it's second year, students at CCHS have followed the Health Science career path for over a decade. In these CATE courses, students throughout the high school build a strong knowledge and skills base for careers in health care. Senior students achieve CNA, Certified Nurses Assistant status before they even earn a

SMILE FOR THE CAMERA!

Senior Jim Bailey (left) is a CNT student who crosses borders to Ms. Brawley's Bio2 class: "HCA classes not only teach you how to be a productive and better student but also how to better your skills and knowledge in the career field you're going in." Jim is an asset to both of the New Tech programs as CCHS.

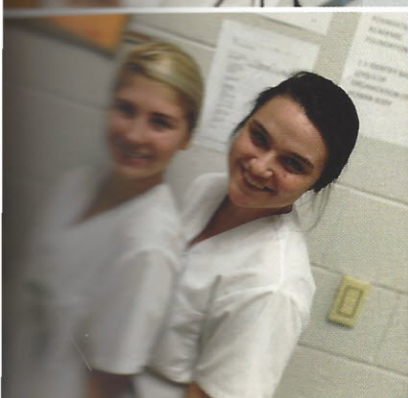

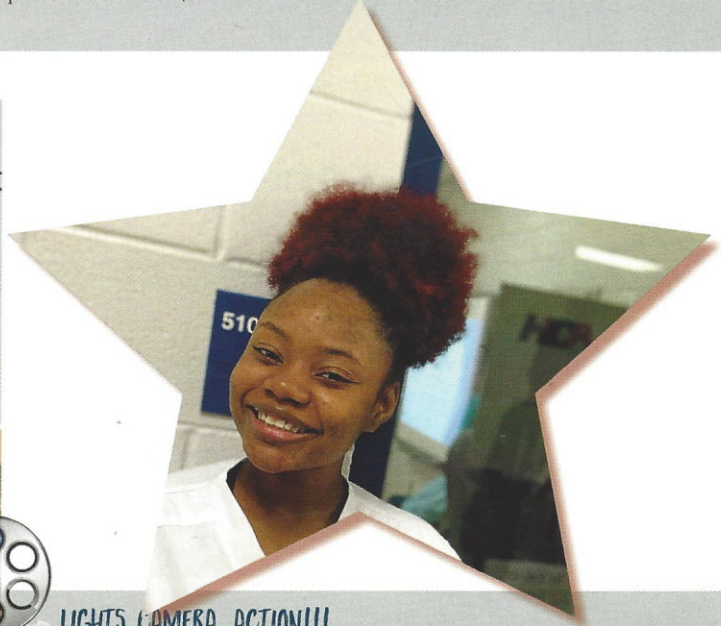

Lauren Herrington (12, right) applauds the non-health science teachers that support the students on this pathway: "My favorite thing about Ms. Peace's English 4 class is that she talks about reality, not a lot of out teachers here do that. Right now we are going over parts of speech to be better communicators. She makes us be more engaged in learning. I look forward to her class everyday, at the end of class she makes us feel like we all have accomplished something."

One thing senior Myesha Adams (below) loves about Ms. McMillan is that she takes her time teaching her students, and she doesn't criticize them when wrong. She simply corrects them in the nicest way. "Ms. McMillan has a very good relationship with her students, and I feel like she wants all if us to succeed."

TAKE 5! (AND THEN GET BACK AT IT!)

Leiana Rivera, a junior, says that when she walks into Mr. Pearson's class, she expects a good grade and a good learning environment. She says he can be humorous, but as a teacher with students from all of CCHS (LEAPS, IDEA, CATS, SHHS, and the project-based HCA and CNT programs), Leiana knows Mr. Pearson expects his students to work hard.

LIGHTS, CAMERA, ACTION!!!

Amber Warren (12) and Breanna Varnadoe (12, far left) had a great experience in the Clinical Program because it's a way for students perusing the path of nursing. While Laura Lucas (12, near left) says the best way to go further in her medical career is to come in Ms. McMillan's class with the mindset to learn as much as you can.

NJROTC

THE BEGINNING OF A NEW ERA!

WHO?

The 2018-19 NJROTC has undergone many positive behind-the-scenes changes in a short amount of time. Last year, the program struggled with changes in instructors and with the performance of its students. This year has seen a new beginning for NJROTC, now under the leadership of PR1 Hutchens, who returned from last year, and the newly appointed LTC. DePinto. The strong team formed by these two has breathed new life into the NJROTC Program, and it shows because the overall improvement is dramatic. Let's watch them grow!

NJROTC, or Naval Junior Reserve Officers Training Corps, is a leadership program designed to give you or your son/daughter a head start in life. NJROTC develops discipline, self-confidence, and leadership skills to help you or your son/daughter successfully meet life's challenges along the road. NJROTC offers several extracurricular activities such as drill team competitions, color guard performances, air rifle training, and academic competitions. It doesn't mean that you are going to war or fighting for nothing. NJROTC helps you serve your country and doing everything they can to protect us from danger.

TRADITION

NJROTC Cadets (L to R) (11th) Connor Boatright (11), (12th) Xenia Yager, juniors Aaliyah Taylor, and James Jennings present the flags.

CELEBRATING

The annual Military Ball is where NJROTC cadets gather around and dance and hang out with their friends.

EXERCISE

National Honors Society, or NHS, is an organization that is solely based on academic excellence and voluntary services. This is a unique opportunity only given to students who maintain a 4.0 GPA and has the ambition to help others. This year, NHS is under the new direction of Ms. Kelly Villwock and they have continued to thrive! Throughout the year, they have moved to different areas in order to establish a positive community status. The organization has added several new members and have completed many projects that involves lending a helpful hand. When it comes to going further with your academic goals, NHS will always be here.

N.H.S

NATIONAL HONORS SOCIETY

SERVING WITH HONOR

The National Honors Society elects two members each year to become the officers of the club. President Rachel Williams (12) says, "Serving as both a member and president of National Honors Society has been an amazing experience. Transitioning from just completing hours to attending important ceremonies and meetings has really been a fulfilling journey."

A CHANCE TO CHANGE

Vice President, Karrington Reed (12) says, "Aside from having the honor of being inducted, I was also given the chance to volunteer and serve as Vice President."

INDUCTED INTO SUCCESS

William Finigan (11), Logan Bailey (11), Nicholas Jackson (12), Megan Gooding (11), and Ethan Thurston (11) were ecstatic to be inducted into the National Honors Society.

TCTC

THUNDERBOLT CAREER & TECHNOLOGY CENTER

KNOWLEDGE IS KEY

TCTC is a wonderful place that kids go and help out throughout the community. TCTC is known for helping kids get to where they need to be in life. TCTC also makes sure students know that they are needed and wanted in the world by showing they care about their education and that they are not just another person. TCTC is like home some students point out and they say that they would not change it for any other way. They are all proud of what they have done and can not wait to see what is next in the upcoming years.

TCTC is a program students go to learn about things high school students are not all. TCTC is a small building made in the. It is a place to come and enjoy some home on learning. TCTC allows students to master a skill they've been curious about or learn something related to the career path they want to take. These students are capable of doing so much more than what they are able to learn in school. TCTC is where they are free to open themselves up to the idea of being more independent by learning a skill.

students are able to do things they would not learn in a classroom setting. Students engage in activities such as cooking, welding, carpentry, and many more. Here at CCHS, we want our students to dedicate their time to their own passion. At TCTC, students can build and create so that they can take what they have learned and become something that they would like to be as a person.

DESIGNING WHAT'S NEXT

Senior Cody Peritte and his team listen and learn how to create different designs. Cody says that he likes learning new things and can not wait to see what is next.

Ladies of Excellence

INSPIRING THE LADIES

Ladies of Excellence is a non-profit organization that provides mentoring to CCHS young ladies. The Ladies of Excellence has a goal or a mission to support, inspire, and nurture young ladies as they navigate through their teenage, emotional, and educational journey. The goal for them is to assist these young ladies with recognizing and reaching their full potentials while helping them to cultivate their vision for their future endeavors. The Ladies of Excellence conduct several workshops sessions throughout the year. These workshop sessions include a wide range of topics such as post-secondary education, career development, time management, cultural exploration, and community service activities. Ladies of Excellence is a wonderful group of beautiful young ladies who strives more and more every year.

THE LADIES' PURPOSE

Ladies of excellence has helped so many lives. With time spent together, you are sure to gain confidence in yourself, your future and in your social life or interactions. "As a part of CCHS I look forward to another year of Ladies of Excellence."

FUN OH FUN

All smiles from the Christmas act! Ladies of Excellence has an objective for young ladies to respect themselves and to be positive role models for others in many ways.

LEADERSHIP

"We support the collective advance to reaching our young people by providing a two-way dialogue to learning and growing," stated Ms. Miller.

L.O.E TRAVELING AND EXPLORING ACROSS THE CITY TO HELP OTHERS

Men of Distinction all started in the 2011-12 school year. Organizer Mr. Shon Johnson was mentored by former principal Mr. Cliff Warren to achieve the goals of young men to prepare them for their future, to explore new horizons. But most importantly, Warren charged Johnson with thinking outside the box in order to build these young men into strong, intelligent gentlemen and prepare them for the real world. The young men who are a part of Men of Distinction volunteered for the position, hoping to be guided into leadership. So, moving forward we would like to honor the 2018-19 MoD: Armond Bright, Brandon Wilkey, Calloway Arkez, Ian Shark, James Eshbourne, Timothy Wright, Damontre Johnson, Alston Sherrill, Temoj Butler, Thomas Brown, Jahill Ellison.

FFA

FUTURE FARMERS OF AMERICA

NATIONAL CONVENTION

The FFA plans a trip each year to learn a little more about what they are working with. The FFA team took a trip to Indiana this year. They walked around the convention center and talked to people in booths about different agricultural colleges. The group went to a cattle farm, a rodeo, and they helped clean up the state fair grounds. During their time, there they went to a Garth Brooks concert and had an amazing time. Everyone said that they can't wait to come back in the future.

The FFA (Future Farmers of America) is a popular program for students at Collettsville County High School. Many students attend TCTC each day to fill their goals toward their chosen career paths. FFA offers many opportunities involving planting and raising plants, going to different events all over the state, and even learning how to care for animals. The FFA is a highly involved program that offers more than just fun. Sometimes it can be challenging, but students learn such skills as how to identify different types of cheeses and milk. They get a lifetime of hands-on experience.

HELPING OUT

The FFA team work together to help clean up a banner for the Indiana state fair to make it look nice for the public.

YOUTH IN GOVERNMENT

Youth In Government (Y.I.G.) is a program created by the YMCA to help create the next generation of good citizens. Every year, various highschools across the state attend a conference at the SC Statehouse in Columbia where they rally, pass legislation, and hold pro-con debates on each other's bills. It gives students the opportunity to learn what it is like to be in Congress. Students from our school love to

participate in Y.I.G. for the experience of meeting new people and being passionate about issues that they are interested in.

BONDING MOMENT

Paint soccer is an event that Student Council hosts for all students to join during Spirit Week. It's recreational fun and is used as a bonding exercise for all students to enjoy. Pictured here are some of the many students that took part in this activity. The day was filled with lots of laughter and fun, and the take away was memories for these students to remember forever.

Student Council is all about order. The students in this organization help raise money and participate in school events like spirit week and pep rallies. They participate in canned food drives and collections, and have sales on items like baskets. Each class has their own officers that do what that grade level does and get the rest of the students involved with school activities. Not only does Student Council help the student body, it helps the community too. The students raise money to help kids with terminal illnesses and they created gift baskets for the homeless.

Varsity Football

IF IT DOESN'T CHALLENGE YOU, IT WON'T CHANGE YOU

STRENGTH AND COURAGE

The Cougars have always shown great courage in trying to be the best team every season. This season in particular was seen with a new fire in their game and their heart. Victory was the only option this season.

Forever a Cougar

This season of football for the Cougars has been one of the best this year. The Varsity Colleton County Cougars football team showed great strength and determination to win this season. This is the first year in two years that they have made the Playoffs. Although they came up short in the second round, they showed great tenacity and strength. Considering the amount of seniors that will be graduating from Colleton County, they put all of their effort on the field this season. Even as they prepare to depart, they will forever be apart of the Cougar family.

ACCOMPLISHMENTS.

Lane West (12) was named to play on the North-South All-Star Team. As he said, "This was one goal I'm proud I accomplished. It was so much time, effort, and commitment put fourth."

STRATEGIES CAN MAKE A GOOD MOVIE

Our Lady Cougars use Coach Duncan's knowledgeable game plans and encouraging words in their collective pursuit toward growth and success. Their serious countenances reflect how important her leadership is to keep the girls strong and focused between tournament games after winning a tough match.

The Varsity Cougars of Volleyball finished the season with an impressive slate, considering the highs and lows of the season with a new group of girls. That shows that they were able to use the highs and lows to only made them work harder and harder. Everyone went on to setting a goal to accomplish at every game, improving themselves individually and as a team. The positive atmosphere that they promoted allowed the ladies to really create strong bonds to have on the court in a match. They played with all their heart at their matches, doing nothing but grinding it to the best.

JV Cheer

THOSE WHO CARRY THE SPIRIT

COOFING AROUND

"When I cheer on the field, I'm not only representing my school but I'm also representing myself. There are many struggles and hardships that come with cheerleading that people never think exist. They say it's not a sport, but I strongly believe that it is one," says Camille Ellison. She and her fellow cheerleaders put in as much work and dedication as any team at CCHS in order to represent their sport to the fullest.

The JV Cheerleading team is the start of a sister bond that will last a lifetime. Starting off the season with no returning girls from the previous season, Coach Calista Brynn built a whole new team with recruiting some girls from the middle school. With the younger girls coming from Colleton County Middle School and the new JV team members, they looked up to the varsity girls as big sisters to help learn the material and get the hang of things. They say that they enjoy cheering for a high school team because they are meeting new people and creating bonds and memories that they will remember forever. Practices and

are what the Junior Varsity girls look forward the most since this is their first experience learning to fly high and motivate the players on fans.

Cross Country

THE STUDENTS THAT "RUN" THE SCHOOL

The 2018-2019 Colleton County High School Cross Country team is very motivated and determined. The team acts as a family but they weren't afraid to push each other and compete for the varsity title. This year's team showed us that improvement and refinement is present every day in practice and races. Coach Smith plays a significant role in keeping his runners happy and motivated. He's always showing encouragement and support, and without the support of him and Coach Marianiello, the team wouldn't be as strong as they are today. They finished the year with the girls team finishing fourth in the Lower State Championships and the boys team finishing thirteenth (for the third straight year) in the Class AAAA State Championships. The less seasoned runners showed their growth with a 15th place at Lower States.

BOYS & GIRLS WIN

The team has accomplished much in 2018. They won the first two races of the season and then kept at it! The girls and boys won at Wade Hampton, and the girls won the Camden and Fort Dorchester races. Even though the team will lose some great senior runners on the girls team plus one on the boys at the close of this year, they have also gained more dedicated runners on the team to continue to grow the program.

The girls team ran in intense heat many times and still achieved great times. This proves their love and dedication for this sport.

The Lady Cougars worked hard this season. They became great teammates and trusting friends. Trust is a key factor of the team players. They know that they can trust their teammates working hard and being in the game when it comes down to playing. Encouragement also helps because it shows great sportsmanship and boosts their energy levels to play and win successfully. The Junior Varsity Lady Cougars still work hard and progress. We look forward in seeing them on the varsity team! "I really enjoyed my teammates even when we had a bad game or someone had an attitude at the end of the day. Once we stepped on the court, we set aside all of our differences and we become one."

GLORIOUS MOMENTS FROM THE LADY COUGARS!

The Junior Varsity Cougars did an excellent job this season. They definitely showed up and showed their pride at every game. The 2018 season started strong and continued through the season stronger than ever, winning major victories as they grew. Working together to form a team bond on and off the field, along with listening to their coaches at practice, affected their season tremendously. The majority of the team already knew how to play their positions, which allowed coaches to focus on correcting mistakes, getting better and better, and earning those Ws!

The 2018-2019 Cheer Squad has accomplished so much this season. They have put in the hard work and it showed on the field and the court. They were able to have fun while they put on a professional face for the crowds. By hyping up our stands they inspired our players to put in the necessary work to win. Our seniors have played their last season, and although we hate to see them go, we wish them the best.

FUN ON SET!

Not only have these girls learned something from their coach but they returned the favor. "I feel like I learn something everyday with this group of girls, but the biggest thing is to enjoy the journey. We spend so much time in preparation for things, and sometimes we need to take some time for ourselves and have some fun as a team." Coming back after her first year was easy for Coach Meagan Driggers. She said, "CCHS has a lot of talented athletes, and I am really happy to have found a home here."

NEW YEAR WITH A NEW TEAM

ACTION!!!

"I have learned many things by playing basketball at Colleton County High School. One of the biggest things that I've learned so far is to be a winning team and a good player is to have good communication skills at all times," said freshman Deshaun Blocker (#5)

Basketball is a sport that requires a person to be able to work with others as a team. These boys get on the court with a mindset to win and win as a team. They need to be able to believe in themselves so their teammates can count on them. No matter what's on the score board this team was able to work hard every game and that showed. They pick each other up on and off the court. Each player displays sportsmanship and the ability to communicate with one another. They consider themselves a family even after basketball season is over.

The JV Girls Basketball Team has come a very long way this year. The reason the previous season wasn't done so well was because there wasn't a bond between players. This year, every thing has changed around. They're playing as one whole. They play unselfish, they play together, and play hard will equal you to a good and winning team. All the girls continue to make good grades in their classes. Come to practice on time and get on the court like it's time for the game. Coach Brandy Brown says, "I like the way my girls are playing this year and giving these games there all." These girls come on the court with a whole lot of energy and are ready for the ball game. JV Girls have played some tough teams and some close games, but they continued to push through and play their hardest.

The Varsity Cougars boys basketball team did extremely well this season. This is the first year for the new coach Matthew Mullins, and our boys went all the way to the second round of playoffs. The team also made history by capturing the first Region VII-A AAAA Championship. They finished their season off 18-7 overall. "I am extremely proud of my guys for making history," says Coach Mullins to the Press and Standard. "All year we talked about what it would mean if we were the first team to make it. For the seniors, it's something they can come back to and point at on a banner. For the underclassmen, it sets a new standard."

Varsity Girls Basketball

THIS IS OUR GAME!

Our Girls Varsity Basketball Team had a great year. With all their dedication they managed to make it to the first round of playoffs. Even though it wasn't easy, these girls knew what they wanted to do this season and were more than ready to achieve it. The work they put in was noticeable. They didn't give up and tired to work together on the court. These girls may have individual talent but together they can dominate the court. Under the supervision of Coach Perry Smalls, the team is pushed to their absolute limit. They had a great season and even though we will miss our seniors they will do even better next year.

Coach Perry Smalls said the girls had a successful season. Next year he knows they can win region and head right back to playoffs if the players come back with a better mindset. The players will have more experience, know what to expect, and know that winning won't come easily. Our Cougars made the most out of this season and played as a team. The most important thing our seniors will take from their basketball experience is that no matter what shot they missed or what game they lost, they worked together.

HARDWORK HAS RESULTS

Junior Omari Kirkland (#3) says that basketball is more than just a game, it's her passion in life. "This season has been tough, but we will continue to push through it. Next year I am going to play my hardest. Basketball is a good way to get a scholarship to an awesome school. I want to continue my basketball journey by going to the WNBA."

Strive for improvement, not perfection. This motto was the driving force for the girls tennis in 2018. Several new and young players made their debut on the court. The girls tennis team lost five seniors from 2017 but they had four returners: Junior Megan Dewitt, senior Kendall Bell, sophomore Abigail Lee, and senior Lov'ea Goodwin. The four returners add maturity to the team and help the new players. The girls made improvements throughout the season. Even

through hard times, the girls never gave up on the court! This was a successful growth year for the 2018 CCHS girls tennis team.

The Calleton County High School boys tennis team has had a really good season so far. Despite losing so many seniors last year, each player has upped their game to show just how much passion they have for this sport. With the only senior leaving at the end of this school year, the rest of the team must work hard to continue picking up where he can not. This season, the tennis team has a majority of new players, so each one of them must learn both how to play tennis and how to keep them on the right track. The team made it to playoffs despite the amount of new athletes on the team, which is truly inspiring to say the least. Regardless of how next year goes, our CCHS tennis boys will always try their hardest.

PUSHING EXPECTATIONS

Freshman Makel Bowman was first inspired to play tennis after he saw how much fun his brother had while playing it. "This years season turned out a lot better than I thought it would, especially since the majority of our team is rookies. My main goal for next year is to get more people on the team and get more people to love tennis. I think next season will be really good."

Wrestling

NOTHING LIKE AN ACTION SHOT!

READY TO TAKE ACTION!

The team gets ready by forming the circle they do every match. Our wrestlers have started every match like this together for years. They always say something to encourage one another to give it their all.

To these wrestlers this sport is more than just using their personal strength to overcome. This is away for them to focus their energy on something. They're able to be a team and push themselves to do their absolute best. This school year was monumental for some of our CCHS wrestlers. Senior Wyatt O'Quinn was the AAAA Wrestling State Champion in the 126 pound weight classification and voted AAAA Most Outstanding Wrestler. Senior Tyrese Pressey finished runnerup in his weight classification of 195 pounds.

Wrestling is a sport that's been around for centuries. We've all done it with a sibling or friend, but CCHS wrestlers take it to another level. With the talent each one of them possesses they have not only made us proud, but themselves as well.

KICKIN' IT TO A GREAT SEASON

TEAMWORK

Teamwork is the key to everything. If our girls want to win they have to work together. On the field they rely on each other. They practice together in order to win together. No one plays this game alone. If our Lady Cougars want to accomplish anything during the season they have to see one another as pieces of the team that come together to form a whole.

The Varsity Girls Soccer Team has really put in the work this season. Every single player brings something to the table. They've done everything in their power to improve from last year. They aren't afraid of hard work and are doing what's necessary to make themselves better players. They have fun as a team and respect each other. They try to communicate on and off the field in order to have a great season. Being able to talk to your teammate is an important part of playing the game.

FULL FORCE

This was McKenna Mabry's (#25) senior year and she definitely put in the work. She was full of fun this season and ready to win.

PATIENCE

The other players watch their teammates, waiting for the moment they're called into the game.

HEAD UP AND EYES ON THE BALL

(L) Junior Jade' Frazier (#26) said, "Soccer helps me stay focus and remember there's always more to life. It also keeps me busy when basketball season is over." (R) Sophomore Anne Mathis Thomas (#30) said, "I have had a lot of fun this season and gotten so much closer with all of my teammates."

ANNE MATHIS THOMAS #30 · AMIYAH ROBINSON #12 · AMBER WARREN #8 · HEATHER DOWD #11 · SIERRA ODENAU #20

Coach Brian Reid said, "I greatly enjoyed coming back and coaching this team. We faced a lot of challenges this past season, and I was proud of how well the team stepped up to meet the challenges head on." Our Lady Cougars had a great season, they owned the field and put their hearts in the game, and if they come back next season with even more energy, our team will be even better. Every season has it's challenges, but they can be overcome with enough hardwork and dedication.

READY TO BLOCK

Our Varsity Soccer Girls are relentless. When push comes to shove, these girls are ready to work. No matter how rocky the game, our players work hard on defense. They're determined to keep that ball in their possession and stop the other team from scoring.

KEEP YOUR HEAD IN THE GAME

Senior Cameryn Coursen (#21) said, "Soccer has taught me how to use teamwork and sportsmanship on and off the field."

This years season for the Colleton County High School Varsity Boys Soccer team has been an extraordinary experience. The team has worked hard this season, and their hard work really shows. Coach Justin White has done a lot for this team. He's contributed a lot to the success of the team, as well as given the team a lot of exposure to the community. Despite the season being up and down, each of the Varsity Boys has put in all of their effort to make this season the best they can.

This season has been a great season of learning and growing when expectations don't go the way we hope," says assistant coach Samuel Hammer. The players played very well and did their best. The season ended on a high note with their senior night ending on a 6-1 score. Many people scored that night, like Drew Bowman, Gerardo Valdes, Preston McCloud, and Robert Adams. Many of our boys say that senior night was the highlight of the season.

KEEPIN' IT LIMBER

Practice isn't just for after school. During half time, the Colleton County High School Boys Varsity Soccer team stand in a line and do a series of stretches like leg kicks and lunges, as well as running back and forth to keep their muscles loose. These halftime exercises are also a good time to talk strategy and discuss what to do if a game isn't going as planned.

RESPECT

ONE TEAM ONE DREAM

The Calleton County High School Junior Varsity Boys Soccer Team played strong this season. The latter half of the season was spent bringing some of the JV players on the field with the varsity boys to get a feel for how varsity games are. Our CCMS players are also doing well. Head coach Jessica Ryan believes that next season will be even better and it will be a stronger program. She says their motto was: "Gotta put our shades on because the future is bright!"

LEARNING OPPORTUNITIES

The junior varsity team of any sport is an opportunity to learn the fundamentals and grow towards the mastery of the varsity level. That opportunity presented itself on the game field during the final game of the season. JV players joined the varsity players on Senior Night. HARD WORK PAYS OFF IN THE LONG RUN

PERFECT HEADSHOT

"I have been a CCHS varsity pitcher since 7th grade. I like playing this position to be the leader of my team, because my team depends on me to do my very best each game. this is something to look forward to and it's just something I love to do" says #16 Sophomore Whitley Weathers.

The Varsity Cougar Softball team is coached by Tavera Edwards. These 12 girls have come together to be the Region Camps. This team sticks together and gets the job done. They practice hard and improve themselves to get better. Before every game, they get hyped up by digging their cleats into the dirt. Each player brings something to the team, even their personalities. Every one of them has to keep their head in the game if they want to win as a team. This team is a whole big family that helps each other on and off the field. One thing they always keep on the field is a positive attitude.

POSITIVE AND PASSIONATE

Sophomore Hannah Robertson, #11, loves the game and will continue her love for softball outside of school. #11

INTO THE GLOVE

"We win as a team and we lose as a team my coach always told me that! And as you play the game is going to get hard and difficult. You might want to quite but you will always get that extra love and support from your teammates to push you harder. Success isn't given it's earned."

#19 Makayla Chisolm - 8th Grader

WHITLEY WEATHERS #16, SHAMORIE OVERTON #20, SUDNEY HOWARD #4, HANSON HOTT #9

It's not about talent. It's about heart. It's about who can go out there and play their heart out. They're not going to give you anything. So you have to go out there and take it. This set of girls always come to get dirty and play the game how it's suppose to be played. We understand our goal and purpose, that's why we have been on a mission to win. To be 2019 Region Champs. I enjoy helping Coach Tavera Edwards coach this set of girls."

--Assistant Coach Brianna Chisolm

PLAY SMART!

Gant, #15, says, "My advice to the up and coming softball players is to come with an positive attitude. Also be about the sport and actually commit to it; don't waste anyone's time."

STEAL!!

Sophomore Sydney Howard, #4, says, "Softball is my destiny, and when I'm in the game I give it my all."

KEEP YOUR HEAD UP!!

Sophomore Karson Hiott, #9, says when playing softball to "always keep your head up and eyes on the ball."

EYES ON THE BALL

Junior Ashley Savage says, "I love how competitive softball is and each year this makes me strive to be a better softball player." A motto she always tries to keep in mind is: "Remember....You got what it takes, so be willing to give it everything..."

Varsity Baseball

HIDE YOUR BASES, OUR VARSITY BASEBALL PLAYERS ARE ABOUT TO STEAL!

TEAM WORK

The Varsity Baseball team has played ten home games and seven away games, four tournaments, and three scrimmages this season. The boys come each day willing to work with each other. Their coach Jermale Paige and their assistant coach Marshall Rentz love their job and would do anything for the team.

Colleton County High School is known for sports. Baseball is one of the most popular sports in the world, especially at CCHS. Some people think baseball just where you throw a ball, swing a bat, and wait for someone to catch it. In reality, there is clear strategy and effort involved. Baseball is also a way for students to interact with one another. It lets them create positive relationships in which players rely on one another. Players say that "once you're on the team, you're here to stay, and now you're like a brother; they say, "We are all a family."

PLANS

Senior Wesley Bryan (#9) has played baseball all his life. He says, "Baseball is not just a game, it is a part of who I am." Wesley plans studying at Clemson University after high school.

WATCH OUT

Senior Lane Lee (#12) pitches with all his heart and loves the sport that he has been playing forever.

OUT OF HERE!

(L) Senior Henry Gibson (#10) takes off the catcher's gear and steps up to the plate, hitting the ball hard to send it flying so he can make it to first base.

(R) Senior Jackson Morelli (#8) is planning on going to USC and continuing with baseball and get a career in electrical engineering.

#2 JACKSON BELL

Cody Paige is the coach for the boy varsity baseball team. He says that the season is over yet and when the team does make the playoff it will be a whole new ball game. Coach Paige says that the boys have had a really good season. They all have their ups and downs, but all of them will get through it as a team. He also says to the young and coming baseball players, "come in with a growth mindset. Do not give up, listen to the other players, Do not try and override anyone. We are a team and we will win."

OVERALL

After every game, win or lose, the boys line up and give a handshake or a hug to one another as they say good game and then clean up the field. Then the boys go into the locker room and talk about what they see that they can improve on as a team and they know what they need to work on together.

GETTING READY

Each day after school the boys go down to the baseball fields and have their daily practice.

READY AS I'LL EVER BE

Senior Cody Cox (#6) is always ready to play baseball. He is prepared for every game and has a strong, positive mind set.

TEAM WORK

(L) Sophomore Jackson Bell (#2) loves his baseball. He also has been playing for a very long time.

(R) Chase Hadwin (#5), Henry Gibson (#10), Wesley Bryan (#9), and Preston Breland (JV) all play baseball together and have a wonderful relationship.

CONCENTRATION

Here goes Sophomore Ashlynn Hammonds, #11, starting the game off with strong third base coverage. She stays focused and determined to do what's needed to get her opponent out. Down and ready for whatever comes her way, with two outs she's hoping to get the last player out of here.

Softball isn't just another sport to these girls; it's a way of bonding, releasing stress, and enjoying competition—all in one. What's the point of playing if you're not going to have fun, right? Welcoming a new coach to the team, these young ladies work hard for their wins and together they took the Colleton County High School JV Softball Team to new heights this season. They know that as long as they're motivated to learning and improving their game, all things are possible on the field. "Always keep your head in the game, not just your helmet."

LET'S GO, COUGARS!!!

What's a good softball game without teammates cheering each other on from the dugout? It's not! The girls encourage each other and every player, rooting for their peers' success.

GO, FIVE!

Freshmen Julie Bryan, doing what she loves best, plays her favorite position in center field. She likes the important role of this defense position where a strong arm and speed are key.

HEY! BATTER, BATTER!

Batter up! When Freshmen Jirah Pinkey, #20, is at the plate, she is more focused on making her hit than anything. She's going for the homer to put her team ahead.

(AND SHE'S OUT)

Freshmen Bailey Cox, #4 (right) comes in with a powerful pitch to stike out the third player for the inning so her team can get back at bat.

SHOW TIME!

There's nothing like a huddle before game time. Our CCHS baseball players come together to make sure they're all on the same page before their big game. Words of encouragement are said and quick words of wisdom are passed between the players.

TIME TO FILM

Freshman Palmer Thomas catches the ball outfield and quickly tosses it and is always ready to take action for the team.

Track

ALL IT TAKES IS ALL YOU GOT

PRACTICE MAKES IMPROVEMENT

Warming up is important for any track athlete. Before every practice and every meet, the athletes run two laps around the track before doing stretches. This is to loosen their muscles to avoid cramps and shin splints. This is a lesson for anything these athletes undertake in life: Practice doesn't make perfect. Hard work makes perfect. Practice makes improvements.

The Colleton County track team has worked hard this season. Despite the confusion at the beginning of the season with coaching changes, the team bounced back and adapted. Track consists of athletes that run a variety of events, from the 100 meter dash to 4x800 meter relays to the 3200 meter race. Every runner has to work together in the events to ensure the best possible placement at the end of each meet and the end of the season. Some athletes who have set new personal records are Ashlyn Williams for the 100 meter dash, Abigail Altman for the 1600 and 3200 meter race, Jeremiah Daniels for the 400 meter race, and the boys 4x400 meter relay team—much to be proud about.

HYPE IT UP!

Coach Singleton and Coach Pierce call a group of boys together to encourage the boys to try their best and remember that the race is as much a mental effort as a physical one.

ZOOMIN'

Sophomore Nayrone Holmes competes in the 100 meter dash, finishing the race in 13.21 seconds.

STAYIN' ON TRACK

L: Junior Jeremiah Mosley completes the 100 meter dash finals in 11.61, getting sixth place.

R: Junior Ashlyn Williams, junior Donae Bowens, senior Justice Dupont, and senior Shaniya Fields-Manigo line up to run the 4x100.

NATHAN ERWIN (9) - JACKSON MORELLI (12) - JUSTICE DUPONT (12) - JADAVIA HUGIE (11) AND XZAVIER AODEN (9) - ABIGAIL ALTMAN (11)

Coach Singleton says that even though this season has had its ups and downs, it's still been a good year. Donae Bowens, Ashlyn Williams, and Mason Cole are some athletes that have really stuck out to him this year. "The best moment of this season is when our all girls placed for the first time in two years. I've seen a lot of kids growing and getting better this season, so that's been really exciting." He also says that next year he hopes that everyone starts bringing home their own trophies to show the hard work they've done.

TEAMWORK FOR THE WIN

Left to right: Sophomore Jorryn Simmons, sophomore Jaheim Bellamy, senior Jackson Morelli, and junior Jeremiah Moseley. Teamwork is an important part of track. If you can trust your team to have your back and support you, you're more likely to win your event.

RUNNING FOR IMPROVEMENT

Junior Hans Gabriel said that he first joined track to improve his physical health, but it grew to something more. "Track has really improved my dedication and discipline in everyday life."

RUNNING FOR FIRST

Senior Terrance Garrett runs in the 4x800 meter relay race at Sumter High School.

TEAM SPIRIT

L: Senior Tiara Garrett sprints her way down in the track, completing the 100 meter dash in 14.55 seconds. R: Coach Pierce meets with the girls 4x100 team to discuss strategy and to hype them up before their race.

DONAE BOWENS (11) - JOSUE SOSA-PEREZ (9) - GRAYSON ALTMAN (11) - RAHEEM HODGES (11) - TIFFANY NORTH (11)

Field

Field is an expansion of track. Like track, these athletes need strong determination and dedication to win their events. The field events include long jump, triple jump, high jump, shotput, discus, and pole vault. Each event needs a different set of skills, but they all require hard work and training. Many athletes have set new PRs (personal records) including Tiffany North for shotput and discus, Shaniya Fields-Manigo for triple and long jump, Jeremiah Daniels (12) for high jump, and Olivia Stephens (11) for pole vault.

BE SO GOOD THEY CAN'T IGNORE YOU

PLANTING OUR FEET

Junior Mason Cole sprints down the pole vault runway, creating the perfect angle of attack to plant the pole in the box. Cole went on to clear ten feet six inches at the first track meet of the season. This set up both a new personal record for him, and showed the coaches just how well he could do. For a first year pole vaulter, this is a feat that not many achieve.

Success for field athletes starts with the competition within themselves to go higher and farther. Success culminates in medals and "W's" against opponents.

JUMPING? OR FLYING?

Senior Shaniya Fields-Manigo launches herself 15'3.5" in the air before sticking a landing in the long jump sand pit at the Adidas Lowcountry Invitational.

CALCULATIONS COUNT

Junior Ashley Reid evaluates the pole vault pit. She then goes on to clear seven feet even.

HARD WORK MAKES WINNERS

L: Junior Leiara Rivera exerts all of her force in shotput, launching the ball 22 feet and four inches. Rivera truly enjoys competition!

R: Senior Justice Dupont puts all of her energy into the girls long jump, placing ninth with 15 feet at the Adidas LowCountry Invitational.

Our Training Student Aides Program is one of our school programs led by Athletic Trainer Donnell Bryant. The 2018-2019 Athletic Training Student Aides are always next to the stars. They make sure our plays stay on track, help with rehab and provide first aid to injuries and wounds. Even when it rains outside our Athletic Trainers put on their gear and get down and dirty just like our players. Bad winter weather does not stop them. They cover fall, and spring sports, even after school for practices and games. Our Athletic Training Student Aides use their time and energy to make sure our players get what they need to play the best game in town.

SUPPORTING THE CAUSE

"I enjoyed athletic training these last three years because it allowed me to learn more about the medical field and build friendship to last a lifetime." -Hermosa Sanders

SUPPORTING THE TEAM

Above, Sarah Velazquez (10), Nia Jackson (12), and Victoria Wilson (11) wait for the Varsity Cougars to finish warming up so they can provide water and care before the game kicks off. This trio could be seen offering support to teams through the winter and spring seasons.
