

Special Accomplishments

Robotic's Team

Some students show off their presentations. Ann Paul, on the left, is a member of the CCMS team “Blue Bandits”. They invented a model of a hydrogen powered car to try and reduce global warming. “The Blue Bandits” scored the highest in Core Values and advanced to the State Tournament.

Colleton County Middle School’s Blue Bandits went on to capture first place in the Core Values-Gracious Professional category in the South Carolina First Lego League Robotics Competition at Summerville High School.
