OPENING

GRAND

Activities

Clubs, organizations and any events that the school sponsors are what make up activities at Colleton Prep. These busy groups provide ways for students who are interested to become more involved in any number of areas. Spanish students who want to relate more to the spanish way of life can join the Spanish Club. Kristy Godley says, "Being in the Spanish Club gives you the opportunity to learn more about another culture." Students who enjoy writing or reporting the news may sign-up for the **Talon** staff or the **War Hawk** staff.

Along with the new school name came new organizations such as the SMAC Club. The SMAC Club is designed for "Students Making A Change." They promote school spirit and work together to make changes that will better the school. In addition, the Chess Club and the Science Club are also new clubs that helped make a **GRAND OPENING!!**

A dream come true. Sloane Upchurch, Cale Godley, and Mrs. Brightwell enjoy becoming what they always wished they were during the Story Book Parade held in the spring.
