

Travel

Traveline

Every year at camp we all grow a lot closer among ourselves and other squads. The Senior girls had a great time but were sad the last day because this would be their last camp together. **Laurie Steele**

Dori Futch was chosen Walterboro's Young Woman of the Year 1992. She went to the state competition in Aiken, S.C. from August 4-10. Dori became well acquainted with other contestants.

For some people summer time means easy living but for students at CPA the summer meant a busy time. The summer remains a special part of the lives of students and last summer was no different. Many students traveled to athletic and leadership camps. Some even traveled to foreign countries. There is no way to say that the students of CPA did not stay busy over the summer. If they did nothing more than go to the beach, all students engaged in the unwinding process that always takes place over the three-month vacation. All students would have to say that this summer was a classic.

WHAT

June

Foreign Pals

The classic idea of visiting a foreign country appealed to many students. A group from the high-school studied for 12 days in Spain. They saw a bull fight, the Royal Palace, and The Prado, a famous museum in Madrid. Seville and Toledo amazed them with rich cathedrals and mausoleums of all Spanish Kings and Queens. **Paige Headden** said, "It was probably the hardest experience in my life, but I've never learned more!" They all agreed the shopping and Sting concert was the best part of the trip.

Miles Can't Separate Friends

The Varsity and Junior Varsity cheerleaders and their sponsors, **Sandy Tyler** and **Corinne Brittle**, traveled to Columbia College on June 24-27 for camp. The UCA camp sponsored by SCISA taught the girls both important techniques for safety and new ideas and routines for their season. Seven cheerleaders participated in All-Stars. Both squads cheered for camp championship. The JV was awarded a trophy for their pom routine.
