

# Lower School

## *In The Beginning*

"Being in the lower school is great because we have recess and also have P.E. once a week."

— Nicholas Fargnolia

Mrs. Morehead supervises as Adrienne Rizer and Laura Akien return to class after cooling down from recess with a drink of water.

The lower school children participate in many activities, from Wee-Hawks to field trips. The lower school classes have physical education once a week, which they enjoy greatly. They can be seen each day working in the classroom and playing with their friends on the playground.
