

Remember the Time . . . Once More

As the year winds down, student will take with them unique memories from the school year. (1) Perhaps, like the lower school students, some will remember the acting troupe's winter visit. (2) Others, like Stephanie Bailey, Ellen Herndon, Melissa Craven, and Wendy Henderson, might recall looking through old photographs to compare "then and now." (3) John Henderson and Bill Richardson, will likely savor "Trashy Tina's" thrilling victory in the mock Homecoming Queen

contest. (4) Meanwhile, James Waddell will probably look back on the basketball games, when he "collected money" at the door while his booster-club dad enjoyed a lollypop. (5) Finally, Mrs. Sandy Aichele might recall that because of her busy schedule, she missed the chance to have her photograph taken with the faculty and staff.

Whatever the memories, when summer finally arrives, students will no doubt look back at the school year and say to their friends: "Remember the time . . ."
