

Before we go on...

This year the Warhawk Athletic Program was excited to have Brock Miller as the new Athletic Director. Coach Miller joins the CPA family after coaching at Roy Hudgens Academy for the past five years. Along with coaching and being the Athletic Director, he also teaches Consumer Math. The effects of Coach Miller's presence can be seen all over the school - from the newly redone locker rooms, to study hall(which is mandatory for all athletes), right down to the repainted bleachers in the gym. School officials and students are thrilled with all that Coach Miller is doing to constantly raise the standards of the Athletic Program at CPA.

*Coach
Brock Miller*

Coach Miller can always be seen doing something at the school!
