

VARSITY

bring it home CHEERLEADING

The 2016 cheerleading season has been a season that is unforgettable. A season that was full of tears and full of laughter. Acquaintances that became friends and friends that became family. Cheering and supporting each other through life, we have built wonderful memories that will last a lifetime. After putting in numerous hours of practice we as a team have accomplished new stunts, new cheers, and new dance routines. From creating memorable pep rallies to creating show stopper half time routines we have learned to work together as a team. As the years go by, each year the bond between the cheerleaders is a one of a kind bond that will last a lifetime.
