

MIDDLE SCHOOL

CHEERLEADING

After hard work and dedication the middle school cheerleaders have come together as a team to cheer on the middle school football team. In just three short months, the cheerleaders took time away from their studies and social life to learn new cheers, new dance routines, and new stunts. While in practice the girls spent time learning techniques and building friendships that will last a life time.

Having a small team was an advantage to these girls. The girls were all friends, but built their friendships up so they would have an unbreakable bond. When getting prepared for their Thursday night games the girls would spend time after school making sure everything was ready to go, so they could cheer

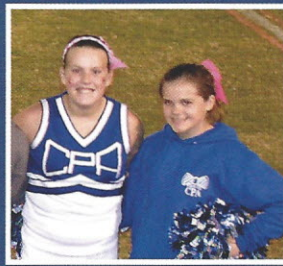

Above: The girls finish performing their half time routine they prepared for the game with a stunt and a smile. Pleased with the results and ready to cheer on the boys in the next half.

on their boys at the game. Whether a victory or a loss was in the books, the girls continued to support the boys all season.
