

OUR COACHING STAFF

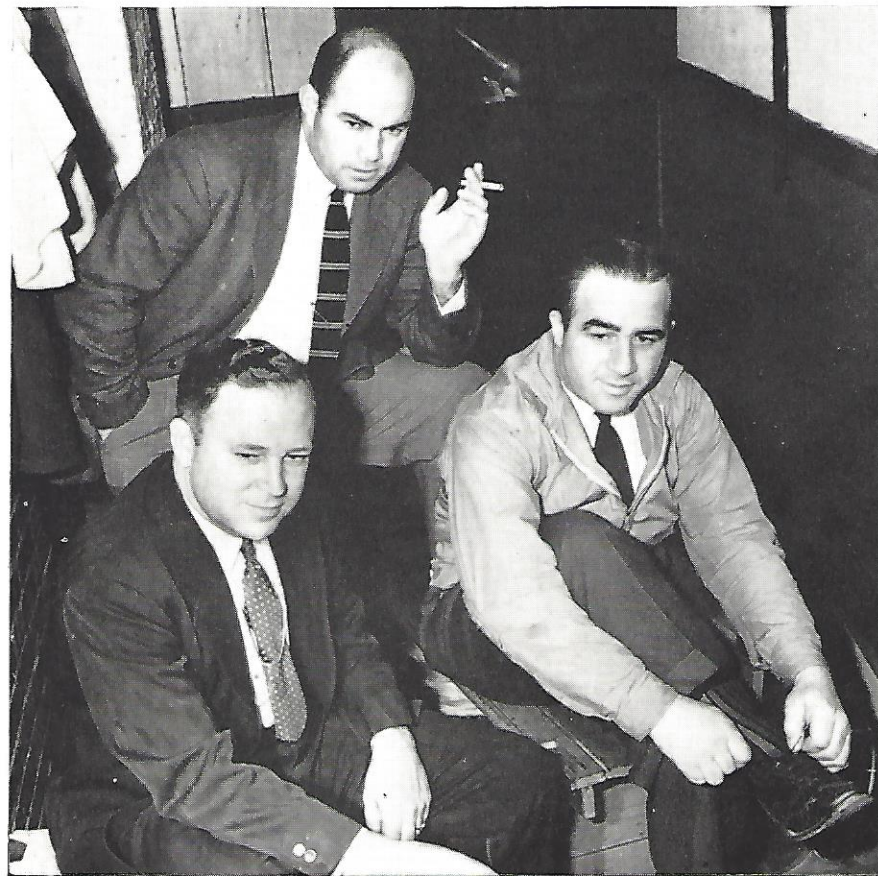

Coach Gene McEver and his assistants, Coach Chet Chapman and Coach Lawrence Spearman, have done a masterful job here at Davidson. They have been faced with the problem of building teams to face such teams as Duke, North Carolina, and other powers of the South which have larger student bodies and thus have

CAPTAIN CALDWELL AND COACH MCEVER

better material to draw from. Our coaches have, through their hard work and interest, given us fighting and well-coached teams that can give any of these football powers a good game any day, and outplay and defeat any team of equal strength.

Our coaches do not confine their work to the gridiron alone. They divide their interests between finding the boys aid in their class work, keeping them in tip-top physical condition, and looking after their general well-being. Davidson owes a lot to these three men, and we would like to pay our tribute to them by saying—Thank you, Coaches McEver, Chapman, and Spearman.
