GOLF

FRESHMAN ATHLETICS

BASEBALL

Hitting is weak and pitching is not up to standards on this year's frosh nine. Afield the Wildkittens stick with the best, and if their stride at the plate should come, they should prove to be a good ball club. Pitching the best ball so far has been Frank Gault. Starring afield have been Don Erb, Bob Kendrick, Buck Williams, and Tom Peters. Leading the hitting are Erb and Williams.

TENNIS

The frosh racqueteers have proved themselves to be hard to beat. In their only match to date, they downed Oak Ridge by the score of 5 to 4. Playing the number

BASEBALL

one position and sure for a position on next year's varsity team is Jackie Byrd. Another frosh who consistently bangs the ball back is Gerry Robinson. Henderson, Sutton, Davis, and Ransom complete the team.

GOLF

Since the freshmen golfers have yet to play their first match, it is hard to determine the quality of their playing. Probably composing the team will be Eddie Fowler, Ray Taylor, Lee Potter, and Don Bryant. It is not certain which of these men will play the number one position. All seem very capable in making the round.
