

Challenger Staff

When school ended last year, a new year had just begun for the Challenger Staff. Armed with their techni-rulers, croppers, grease pencils, and quad-paks, the group set out to create the best annual in the history of Dorchester Academy.

During the summer, a few staff members packed their gear and headed toward Columbia for a grueling week at "Yearbook Camp." Karen captured the first place award in the small school division for "Headlines and Caption Writing," while Dawn, Carla, and Hope won a merit award for "Theme Design and Layout" of the annual.

Despite deadlines, mistakes, and half-frenzied work during Christmas holidays, the staff managed to survive. Under the direction of Mrs. Barbara Ann Patrick, they put together a book with much hard work, dedication, confusion, and craziness. The staff hopes that you enjoy the book as much as they enjoyed making it.
