

# Baseball

It was an exceptional year for the Raider Baseball team. The return of veterans and the combination of new talent added a spark to start the fire. The squad was primed and ready for competition. "Compete" is exactly what they did. The Raiders captured the mini-conference title. Then, they traveled to the State Play-offs. The first round proved to be unfortunate, but the Raiders had nothing to be sad about, because they came out of the season with a winning record. It was a successful show for the players and coaches.
