

# Dedication

This yearbook is dedicated to a lady truly deserving of this honor. She is one who has served, donated, and dedicated great efforts to make Dorchester Academy a better place. She has faithfully given her time to enhance the imaginations of many "little" minds and to prepare them to begin their journey through school. For 11 years she has been a teacher, a friend, one who has cared for others, one who has been devoted to educating, and a person special to us all. The 1998 Challenger is proudly dedicated to Mrs. Jane Martin.
