

On December 21, 1979, we were given a miracle, a very special daughter. A daughter that became our little queen, and who has matured into a beautiful young lady.

Holly, you have been the greatest joy and happiness in our hearts. We are so proud of you and your successes of your skills and talents. But more importantly we are proud of the person you are inside, your goodness and generosity is reflected in everything that you do.

Continue in the future as you have in the past and all your goals and dreams will come true. You are truly a very special person.

*We Love You Very Much,
Daddy and Momma*
