

*For You*

Boys are like the rain,  
They come and go.  
Friendships are like rainbows,  
Only some last forever.  
My love for you is like the sun,  
It is always there.  
Even though sometimes it is  
hard to see,  
My love for you is always  
shining bright.

Wendi Lynn

From little girls with nothing to  
lose,  
To young women with everything  
to gain.

I love you always,  
"WenLyn"
