

Being Editor has been one of the most challenging tasks that I've ever taken on. Amazingly, somewhere in the midst of confusion and frustration, I found success in creating a yearbook that I hope will leave you with everlasting memories. I would like to express my strong appreciation to everyone that has made this yearbook possible. Kristen, I've enjoyed having you by my side. Without your understanding and encouragement, I would have given up at the beginning. It's been wonderful sharing this experience with you. Mrs. Barbara Ann, thank you for giving me the opportunity to be the Editor of the 1998 Challenger. Without your guidance and patience, I would not have made it. To my friends and family, because of your help and support, I was able to make my deadlines on time. It's been a long journey, but we finally made it!! Good luck to the Class of 1998 and farewell to Dorchester Academy.

I Love You All,

Holly E. Green, Editor

Being Business Manager has not only taught me a great deal of responsibility, but also how to make a deadline on time without going crazy. The annual, involving a lot of work and time, suddenly became my life. But, it was worth it! I would like to thank our supporters for helping make our annual possible and the Challenger Staff members for selling most of their ads. Most of all, I would like to thank our Advisor, Mrs. Barbara Ann, and our talented Editor, Holly Green. "Miss" Barbara Ann, thank you so much for your continuous help, patience, and guidance. Holly, thank you for lending me a big hand on those stressful "deadline days" and for letting me know that things were going to be alright. I couldn't have done it without you or picked a better person to have shared this challenging experience with. I hope everyone will cherish the 1998 Challenger as much as Holly and I will. Good luck Class of '98. I love you all!

Sincerely,

Kristen A. Malphrus

P.S.

Thank you Trish for helping me sell all the ads. You were a lifesaver. Love ya!
