

The 1999 Challenger is dedicated to an outstanding lady who certainly deserves this honor. For many years she has served as a teacher here at Dorchester Academy. Her remarkable teaching skills have better prepared her students for their academic futures. She has put forth much time and effort to make Dorchester Academy the great place it is. She is one who is known to participate in various school functions such as pep rallies, spirit week, fundraisers, and athletic events. She's always there to help those in need, no matter the time or place. We would like to extend our greatest thanks by dedicating the 1999 Challenger to one spirited lady, Mrs. Helen Crosby.
