This year the Varsity football team had a rather good season. Going into their first game, they were ranked #1 in the conference. Although many of the team members had injuries, the mighty Raiders gave all they had, and finished with yet another excellent record of 8-3. With loses only to First Baptist, Hammond and Porter-Gaud, these guys deserve some recognition for all the heart they put into their game.

"I thought we had a good season. Our expectations were a little higher at the beginning of the season, but considering all of the injuries we had, I thought we did very well, they were a good group of boys to work with, and they worked very hard." — Coach Gruber

"We won some and we lost some. Our goal was to reach the State Championships, but we fell short in the playoffs." — Derek Weathers

"We put forth the effort, but you can't always get the result your heart desires." — Phillip Albergotti

"I enjoyed playing this year, and look forward to a good season next year." — Brady Crook

"Making it to the playoffs and All-Stars were nice, but all we wanted was a State Championship." — Willie Sweatman
