This year the cheerleading squad got a chance to go beyond. They got a chance to experience new dimensions of what it takes to be a good cheerleader. This years squad worked extremely hard to represent their school with pride and honor. This spirited group of girls did an excellent job cheering their team to victories and keeping the spirit alive even after their team was let down by defeat. Being a cheerleader takes responsibility, determination, and hard work. These girls all let the cheerleader show in them.

Captain Crissy Atkinson and Co-Captain Carroll Reeves were the leaders of this energetic group.

The girls perform a little cheer for the half-time crowd.
