

Congratulations Bobby

Bobby, You have been a bright light in mine and your Dad's heart since the day you were born. We are very proud of all your accomplishments. Watching you in your first beauty pageant to your acting career to all the sports you've been involved in. We wish and pray only the best in all that life has to hold for you. Remember, to always keep God first, always be kind and have love and respect for others in all that you do. Then life will surely be kind to you.

Love,
Mom and Dad
