Too Hot To Handle

As always, sports played an important role in unity and school spirit at Dorchester Academy. "Mighty Raiders, we are marching are triumph and to success. We hail the shield of honor and promise you our best," are not only lines out of our alma mater that's sung at each pep rally, but words that mold the type of person we're going to be on the playing field. Hard work and good sportsmanship were the key components of Raider teams, whether during a "nail biter" that depended on every second, or when a victory was beyond the shadow of a doubt. No matter if we experienced the sweet taste of victory, or the heartache of a recent loss, the Raider teams always seemed to shine, showing that we are too hot to handle.
