

In Proverbs 10:1, it says: “A wise son maketh a glad father.” David, you have made your whole family glad. Your life has truly been a rich gift to us and to our home. You have blessed us with your tenderness, your sense of humor, your intellect, and you have strived for and achieved your goals. And your letting us be a part of your journey has made our lives richer. We could not have asked for a better son. You fill our hearts with love and pride. Now as you leave to find your way in this world, we look with anticipation and expectation to see the wonderful successes that will be yours. Because you know that “to whom much is given, much is required,” we expect great things of you. However, always know our love in unconditional and “you’re our horse if you never win a race.” And finally, David, “remember who you are and whose you are”, and your life will continue to be blessed.

We love you,

Daddy, Momma, Grandmother, and Giggy
