

Ashley Victoria Owens

God blessed our lives with her arrival on
May 11, 1983!

Always a headstrong little girl; curious but cautious throughout your pre-school years, we watched as you discovered a few of the

wonderful blessings that life brings your way. Some of your most favorite things were- cats and kittens, puppies, homemade chicken soup with "curly" noodles, juicy watermelon and being outside in the sunshine to romp around and sail high in your swing.

Ashley... We are so very proud of you. Yes, you are STILL headstrong. You have a wonderful sense of humor. You can be comical, without being silly. You are

blessed with outward beauty as well as beauty of the heart, where it counts the most. You are a thoughtful, intelligent young woman with a high regard for honesty and virtue. We will miss you when you go off to college knowing that it is another "new" beginning in your life as well as in ours. The house will be TOO quiet with out you belting out your favorite songs in the shower, singing along with one of your many CD's or talking on the phone with friends. In all you endeavor to do in life, keep your heart attuned to to the guidance of our Lord and Savior, Jesus Christ.

We love you so much — Moma and Daddy

Ashley:

All I get is this little corner spot for my say. I look forward to maybe seeing you on campus next year, unless you go to one of those OTHER colleges. Clemson is awesome! You'll love it. My love and best wishes to you today and always.

Your Sister, Jessica
