

My Precious Crystal

Thinking back over 17 years so many memories flood my mind.
 I think of how you loved to hear me sing "You are my Sunshine"
 Daddy sang "Mustang Sally" and pretended to be a dog that growled
 An Insurance salesman walked in one day while Daddy was barking very loud
 You still won't go to sleep at night without my silky Boo Boo
 It makes you feel safe and happy
 It makes me feel close to you.

After church on Sundays
 Dinner with Papa and Mama was such a treat
 Roast, butter beans, and potatoes
 Whatever their little angel wanted to eat
 Whenever you got in trouble or was feeling a little sad
 You'll run to Papa and Mama they'll hug you to make you glad
 Brandy and Tiffany adore you
 They look up to you with pride
 You'll always be the Big Sister who stood by their side
 If anyone hurts their feelings
 Whether they were wrong or right
 You're quick to defend your sisters
 For them you're willing to fight
 Crystal, you're so very special to me
 You are my 1st born child
 There's nothing I wouldn't do for you
 I'm always willing to go that extra mile
 This bond between us will never be broken
 No matter where you are my love grows stronger everyday
 You are my shining star
 I taught you the Golden Rule
 "Do unto others as you'll have them do unto you"
 You've always cared for people who needed your love.
 You are a friend so true
 Always keep your head up high
 And put God first in everything you do, think, and say
 He will guide you through your life
 And hear you when you pray

Our love will always be with you,
 Dad and Mom
