

ALLISON RUTH MINUS

*The Lord blessed us with a child in August
1984,
And we wondered how we could love anyone
more.*

*The awe, the joy, the amazement, the feeling
That only a newborn daughter can bring.*

*From pigtails to proms we watched her grow,
Why couldn't this wonderful time travel slow?*

*From infant to toddler to girl to teen...
Does the little girl with the big heart know how
much she means?*

*She's now a beautiful young lady ready to make
her place,
And we wish her well in the dreams she will
chase.*

*Watching her go will be no easy chore,
And we still wonder how we could love anyone
more.*

*All our love,
Mama and Daddy*
