

IN
MEMORY
OF
JOSHUA
NATHAN
CANADAY

*We had good times,
through the ups and downs
he stuck with us,
he was always around*

*But now he's gone to a better place
and left us all
with a crying face*

*Miss Jackie, we can't imagine
your grief and sorrow
but we hope we can help you
see a brighter tomorrow*

*Mr. Rodney, we know
we're not your son
but we pray that you
can think of us as one*

*Bralyn, we know Joshi can never be
replaced
we hope that our brotherly
love can maybe bring
a smile upon your face*

*Joshi has and always
will be our best friend.
And he will be with us
until we meet again.*

*Whether playing baseball
or shooting a gun,
When we were with Joshi
we were having fun.*

*When we were at Joshi's pond
we never did catch that brim.
It was still fun just being with him.*

*When we had a problem
he was our man.
Although he used big words
that we couldn't understand.*

*So until the day we meet again,
Joshi will always be our best friend.*
