

ANOTHER DEDICATION

The 2003 Challenger is dedicated to a man who has put in his hard work and dedication to our school. He has been with us since his two sons entered the Dorchester Academy student body in 1992. He is always willing to help when it is needed. He has been working with our computer system since 1996. A devoted Raider fan, he has attended every football game to cheer the team to victory. He has been an advisor of the school board, and booster club president. This incredible man is Mr. Edward Hartzog. Thank you Mr. Edward for all your hardwork and dedication. Our school would not be the same without you.
