

Not Just Another Senior Poem

Our years at Dorchester Academy
are almost done
We've shared so much time
And most of it has been fun.
The road has been long,
with many curves and twists.
We've loved every minute of it
there's not a day we would have missed
We've experienced friends, love, and hardtimes.
All of these have made us who we are.
We've survived this long journey,
and made many memories thus far.
This chapter in our lives
is almost at a close.
Where will life take us?
Nobody really knows.
So as we enter the world,
all excited for what is to come.
Remember your beginnings,
and where everything started from.
Never lose sight of your goals,
and who you want to be.
Always remember you are a Raider,
Class of 2003!
