

Nikki,

On April 9th, 1985, my little sister had finally arrived. I was only five and could put up my baby dolls because I had you, who could laugh, cry, and even crawl. Of course, as we grew we had our fights, but they never lasted long because you knew "big sis" was right. It's so hard to believe that the time is gone. My little sister is finishing her senior year. Now that you're reaching a new stage in your life it's going to be a lot more work and papers for me to help write!!! I know you'll be great at whatever you do because you're smart, athletic, and beautiful. Never forget where you are from and who you are. As long as you be yourself I know you will go far; For you are and always will be my little star. Shoot

High, I LOVE YOU!!

#11 your "Big Sis",

Sam

Nikki,

You are the best sister anyone could ever dream of. You are there when I need you even if it's sad or hard and always watching over me. When I was a baby you took care of me and even now you still do. It's going to be different around the house because I won't have anyone to fight with or help me with my problems. You are the best sister and friend I could ever have. I love you and will miss you, but we will always have the weekends together.

Love always,

"your little sister",

Adrienne
